

PROJECT OUTLINE TEMPLATE

(Preliminary) title of our project:

General outline

- Core project challenge:
- Core project solution to challenge:
- Project start date (approx.):
- Planned project duration (month):
- Amount of the planned budget (incl. EU-funding):
- No. of partners:
- Countries taking part:

Horizontal priorities addressed

- Which horizontal priorities will our project address? In some cases those are pre-defined and can be found in the programme guide of the specific funding period or call.
- If not mentioned explicitly, horizontal priorities can be sustainability, equality, digitalization.

Technical concept/methodology behind, if applicable

- Any information on certain technical concepts or applied methodologies relevant for our project.

Project topic

1. What is the project about (relation to the call)?
2. Challenge: What are the specific needs that we want to address?
3. How does our project relate to European and/or national priorities (maybe specific to a certain call already)?
4. What is the European added value of the project (compared to a project at purely national level)?

Project goals and innovation

1. Proposed solution to challenge(s): What are the specific objectives of our project?
2. What makes our project innovative? To what extent does the project tie in with existing initiatives/projects?

Direct and indirect target group(s) that will benefit from the project results

1. ...
2. ...

Work packages and results

Work package 1:

- Linkage to the project objectives
- Results and indicators (qualitative and quantitative for achievement)
- Activities and approximate budget

Work package 2:

- Linkage to the project objectives
- Results and indicators (qualitative and quantitative for achievement)
- Activities and approximate budget

Work packages and results

Work package 3:

- Linkage to the project objectives
- Results and indicators (qualitative and quantitative for achievement)
- Activities and approximate budget

Follow the same routine for Work package 4, 5, etc.:

Dissemination

1. Who do we want to reach?
2. Channels to communicate with target groups and stakeholder?
3. Activities to disseminate the project results?
4. Which stakeholders will support us?
5. How do we consider the transfer aspect (European project results for a European audience)?

Sustainability and exploitation

1. How do we ensure that the results are fed into the cities' ecosystem?
2. How do we ensure the sustainable impact and visibility of our project?

(Potential) project partners
